Local Rustlings.

Groceries, cheapest in town, at Mrs. Doyle's.

Prof. Chase will rebuild on his business lot in the burned district.

Many are the things we see to shoot when we don't have any gun.

Two lots and dwelling houses for sale on the south side. Apply to this office.

L. D. Sugar makes the championship record among the game around Cerrillos.

W. H. Coleman is building a new residence on the north side of the railroad track.

The Cash Entry company is putting up a large water tank for use at the concentrator.

Polygamy among the Mormons in Utah is now forbidden by the leaders of their church.

New goods arrive on every train for Laudenslager. The freshest of vegetables, fruits, groceries, provisions and bread.

An exchange reports that a man in Chicago was recently drowned in a bath tub. Bath tub, bath tub? What is a bath tub?

Cattle representing three and a half million dollars in value have been shipped out of the territory within the past eight months.

There is a land of pure delight, for those who advertise, but he who doesn't won't get sight, of that land till he dies.—Denver News.

The coal haulers of Cerrillos have decided to haul no more coal at less than one dollar per ton. This raise was made to keep pace with the raise in price of feed.

A light freeze for the last two nights and a general putting up of stoves resulted. A large amount of poetry, principally blank verse—has been recited in consequence.

Harness, saddles, bridles, robes, whips etc., at the Cerrillos Harness Store. Special attention given to repairs, carriage trimmings, etc. Best of work and material furnished.

While in Santa Fe over Sunday, the RUSTLER man enjoyed a spin around the city in company with Geo. W. Hickox, the big jewelry man of that city, and behind his splendid roadster.

Seventeen years ago last Wednesday the RUSTLER man took on the matrimonial yoke. During the seventeen years he has gained 25 pounds in weight. There is a chance for Kennedy.

Roswell has two physicians with very funny names, Dr. Skipwith and Dr. Bearup. One doctor, with a good strong American name, could not make a living in Cerrillos was it not for an occasional railroad or mine accident.

We have just received our stock of heating stoves. Call and see them and get our prices.

CERRILLOS SUPPLY CO.

Oysters and lunch at Harry Scranton's, in the best of style.

Portions of the Sandia mountains will some day in the not far distant future, yield a great amount of ore to the markets of the world. This is only another evidence that Cerrillos is the best location for smelters on the face of the earth.

Everybody seems busy in and around Cerrillos. There is not an idle team nor an idle man. Those who want a little extra job of work done, quickly realize this fact. This with the extensive developments under progress, indicates an era of prosperity for the county.

Cerrillos and San Pedro each boast the champion checker player of the territory. Probably a series of games will be arranged between the two players, Dr. Sanders, of Cerrillos and Judge Barton, of San Pedro, to decide which shall hold the honors.

The New Mexican ends up a railroad article as follows: "There is to be a line built from Texas through the breast of New Mexico that will have Salt Lake and the northwest for its destination—and that road will come through the Cerrillos coal fields. It is not a long time off either."

The M. E. church supper and concert last night were a success in most respects. The concert was excellent. The attendance was also good, and the oysters tolerably fat and juicy. Miss Berta Hurt was voted the cake as the handsomest young lady present. The receipts have not been learned.

Remember Coleman's Stage Line, from Cerrillos to San Pedro, makes daily trips between the two points, carrying the mail and passengers. A splendid new stage has just been added to this line, in which passengers can make the trip very comfortably. Cerrillos is the nearest point to reach San Pedro and Golden camps.

The editor of the RUSTLER is preparing to build an office. It may not be so very extensive, but when it shall have been completed and occupied, he will feel at home. More than this he will be very proud of his little belongings and will invite his friends to come and read the exchanges, and pass the time, with as much cordiality and dignity as His Honor, the Judge.

Cerrillos is gradually improving. Not booming, understand, but improving at a slow and steady gate, and on a sure, sound basis. There is nothing to complain of—not very much to boast about. Yet, there is much genuine satisfaction in the general outlook. Our mining interests are looking and promising better than ever before, and lead, silver and zinc interests may be on the eve of a boom. Our coal trade has a greater output and is employing more men than ever before. Besides this the town itself is steadily building, and in a good, substantial manner.

MARRIED.—At the Grand Central Hotel, Cerrillos, N. M., by Rev. J. M. Crutchfield, pastor of the M. E. church, Wednesday evening, October 14th, 1890, Mr. W. H. Kennedy of Cerrillos, and Miss Lillian Quinn, of St. Louis.

It is needless to say that the happy couple who have embarked on life's sea, have the best wishes of all for a prosperous and pleasant voyage. Mr. Kennedy, well known in Cerrillos and Santa Fe county as a prosperous business man and popular gentleman, receives congratulations that are at once sincere, and good wishes which come from the heart. Miss Quinn has been spending a number of weeks here previous to her marriage, during which time she has made many friends and won the respect due a handsome and accomplished lady.

Personal Rustlings.

A. Pinos is in from his Galisteo ranch.

Mr. Ray is in from his ranch in the Manzanos.

Mr. and Mrs. G. W. North spent Sunday in Santa Fe.

Hon. T. B. Catron was a visitor to Cerrillos Monday.

Mrs. W. C. Hurt visited friends in Santa Fe, Monday.

Miss Mira Harkness visited friends at Wallace Monday.

D. D. Harkness, proprietor of the Cerrillos House, is slightly on the sick list.

Mrs. W. E. Myers is visiting relations and friends at Hardy, Nebraska.

Geo. J. Smith came over from Golden yesterday to meet parties from the east.

Mr. J. W. Cooper, the Pecos lumberman, was in town on business yesterday.

John Maddux went over and helped to run the Republican convention at Santa Fe.

Geo. Green came down from school at Vegas to visit his Pa and Ma, over Sunday.

Sam W. Bonser came down from Santa Fe yesterday and is circulating among the boys.

E. A. Kenny, late foreman of the Cash Entry improvements, has left for Colorado to engage in mining business.

Mr. W. C. Rencher has returned from New York, and is again looking after property interests in and around Cerrillos.

Prof. Thos. N. Chase arrived from Denver Tuesday evening and will remain for awhile in Cerrillos, looking after business interests.

Ben Oakland, the jolly, genial Ben, of Cerrillos, is now prosperously engaged in business at Santa Fe, where his old friends and acquaintances are invited to call on him when they visit the capital.

Marcelano Garcia, at the present and for a long time county clerk of Santa Fe county, will retire at the end of his present term. He has made one of the best officers the county has ever had, and he will go out with a clean record.

Gov. Prince attended the meeting of the board of regents of the Socorro school of mines, on Tuesday. On his way home he stopped off at Cerrillos mining district, where he owns several valuable claims. The Governor expressed the greatest satisfaction at the progress of the district, and especially with the great work the Cash Entry company is doing.

New stock of candies at Geo. R. Bailey & Co's.

Call at Harry Scranton's saloon and lunch counter for your refreshments of all kinds.

Gent's genuine Kangaroo Shoes at Mrs. Doyle's. Also complete line of Ladies' Gent's and children's underwear.

Political Rustlings.

The Republican convention at Santa Fe Saturday drew a large crowd.

Hon. J. Frank Chavez has been re-nominated by the Republicans of Valenciana county for the Council.

County Commissioner Wylys, who is a candidate for re-election on the Democratic ticket, made a trip to Santa Fe, Tuesday.

John Gray has withdrawn from the Democratic ticket as candidate for county commissioner and C. M. Creamer takes his place.

Joseph will be elected on the 4th day of November, but it may not be Antonio. It will the other Joseph, Joseph Mayo of Golden.

We believe that the voters of Santa Fe county will serve their own and the county's interests better by electing Mr. Catron to the Territorial Senate, than Mr. Martinez.

The RUSTLER, along with many friends of Joseph B. Mayo, of Golden, is highly pleased with his nomination for Representative. He is a first class man for the position, and unless the signs read wrong, he is going to get there with both feet.

Antonio Joseph is said to have received over \$100,000 from the sale of land grant interests the past year. Probably should he remain in Congress a few more years, he might be able to negotiate the transfer of the whole Territory. Yet, Joseph isn't a land grabber! oh, no!

W. H. Nesbitt, the pioneer of Cerrillos—the man who built the first house in the town and has stood by it ever since, is a candidate on the Republican ticket for County Commissioner. It is superfluous for this paper to say a word in commendation of his ability or integrity. The boys all know "Bill Nesbitt," and knowing him, know that he is "solid as a rock."

Proud and honored American citizens, do not expect that we shall insult your intelligence by trying to explain the difference between Mr. Catron and Romulo Martinez, in favor of Mr. Catron. If you have ever met the two gentlemen in the past, or should you happen to do so in the future, the simple meeting will be sufficient to decide your choice.

The RUSTLER will make no detrimental statement against any candidate for public office, where it cannot do so on the best of grounds and for the public good. This paper chooses to build up the popularity of its favorites by good and substantial arguments as to their sterling worth, rather than by comparison to other's faults upon the light of which public exposure may be thrown. There is a certain amount of generosity in such a fight that should make such arguments all the more effectual.

The Republicans Saturday nominated Hon. T. B. Catron for the Council; J. B. Mayo, of Golden and B. M. Read, of Santa Fe, for Representatives; C. M. Conklin, Sheriff; Manuel Valdez for Assessor; Antonio J. Ortiz, for Probate Clerk; Pablo Borrego for Treasurer; Bro. Botolph for Superintendent of Schools; W. H. Nesbitt, of Cerrillos and A. Stabb, of Santa Fe, for Commissioners, and Antonio Alarid for Coroner. The ticket is well spoken of by men who are well acquainted with all of the gentleman composing it.

M. S. Otero, candidate for Delegate to Congress, is making a vigorous and telling campaign. It begins to look much more favorable for his election than ever before. The continual demand of his opponent, Mr. Joseph, rather clashes against the idea of a majority of the voters, who believe in giving more than one man a show. Especially when that one man has passed by his best opportunities without accomplishing the will of the people. Mr. Otero will be in a position favored by the administration, if elected, to accomplish much more than Antonio Joseph could expect to accomplish. A word to the wise voter is sufficient.

A letter comes to this office expressing surprise that the RUSTLER should have accused Romulo Martinez of being close-fisted and selfish, and maintaining that, on

the contrary, he was one of the most liberal men in the county. This paper bases its statements on its own observations. When the RUSTLER started, its outlook was about as discouraging as could be imagined. At that time Mr. Martinez was U. S. Marshall of the Territory. By some urging he consented to become a subscriber to the paper for six months. After this time he refused to be considered a regular patron of the paper. When nominated for the council by the late Democratic convention he refused to receive sample copies of the paper sent him, in the face of the fact that the RUSTLER had always treated him with. This is simply mentioned as a species of liberality always characteristic of the man. The RUSTLER tries to be candid with both friends and enemies, and now freely acknowledges that it was mistaken in all the good things it ever said about Mr. Martinez, as well as most of the bad things it has always said about Mr. Catron, who has proven himself, even while the paper was doing him injustice, its friend and constant supporter. If the editor of this paper could legally cast a hundred votes for his choice of the two men for council at the coming election, they would all be cast for Mr. Catron.

Application for a Patent.
